Sprint 1 Plan

DnD Assistant App
4/6/22–4/19/22

Goal: Create a website that allows users to login and roll a dice

User Story:
1. As a player, I want to be able to roll dice with the push of a button so that I don't need to have physical dice (2+)
   a. Create off canvas and button to feature the Onclick functions (2)
   b. Create the roll functions (1)
2. As a player, I want to be able to log in and out
   a. Task 1: Hook the app up to firebase (1)
   b. Task 2: Create a login and logout button (1)

Team Roles:
- Brian
  - Product Owner, Developer
- Brandon
  - Developer
- Mateo
  - Developer
- David
  - SCRUM Master, Developer
- Cynthia
  - Developer

Initial task assignment:
